Meeting on Pebble Mine

Shoren Brown to: Mike Shapiro 03/03/2009 06:32 PM

Mike -

I've been reaching out to EPA staff in regards to the proposed Pebble Mine in Alaska this week and your name keeps coming up. Trout Unlimited's state director, Tim Bristol, is in town later this week and early next week and I think the two of us would benefit greatly if we could grab a few minutes of your time and get some advice on how to work with the EPA as this mine proposal moves forward.

I have requested meetings with Gregory Peck and Daniel Evans to date as well.

Thank you for considering this request.

Best regards-
